

RETRACTABED® Series

COMFORT WIDE™ (Expandable)

PUSH-BUTTON SLIDE TECHNOLOGY
WITH LOCKING POSITIONS 35-39-42
INCHES WIDE

EVAC POSITION™

PASS THROUGH DOORS NO MATTER
THE ASSIST DEVICE ATTACHED

RETRACTABED®
Model

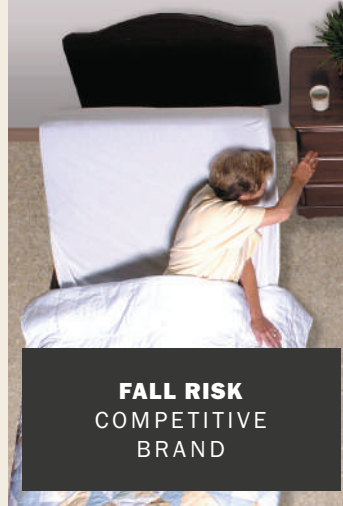

- **Clinical-Contour®** – exclusive feature that reduces skin shear and the repositioning of residents
- **Evac Position™** – extra position to make the bed thinner so if a side bar is attached it can still pass through doors less than 42 inches wide (**expandable only**)
- **Comfort Wide™** – bed expands to 42 inches wide without the use of tools for more comfort and flexibility (**expandable only**)
- **Staff Lockout Control** – standard feature built into pendant to prevent unnecessary operation
- **Wall Bumpers** – soft non-marking bumpers come standard to protect wall from damage
- **Retracting Bed Frame** – reduces potential falls and increases staff productivity
- **Embedded Bed Controls** – optional fixed controls in assist bar or head rail reduces replacement handsets and increases staff productivity
- **SureLock** – optional one step lock for improved ease of use while locking casters

RetractaBed® Model
